best dressed: nylon 13th birthday bash

Freida, Eliza, Debby - who's got your favorite dress at the NYLON + Bed Head party?

Last night, NYLON hosted a major party with Bed Head hair products, Ciroq vodka, and Smashbox Studios. And while Tigi's cult fave product may be called "Dumb Blonde," the brunettes may have ruled this red carpet, thanks to host Freida Pinto's amazing Prada ensemble, along with some very cute new up-and-comers. (Who knew The Disney Channel had so many Proenza fans?!)

We've picked our favorite outfits from last night, but as you know, only one can be crowned Best Dressed - and you get to pick. Vote in the comments section below!
